

UNITED STATES DISTRICT COURT
WESTERN DISTRICT OF NEW YORK

UNITED STATES OF AMERICA,

Plaintiff,

v.

ARON WHITNEY STITELER,

Defendant.

REPORT & RECOMMENDATION

21-MJ-4050

On November 18, 2021, defense counsel filed a motion pursuant to 18 U.S.C. § 4241(a) for a hearing to determine the mental competency of the defendant and for a local psychological or psychiatric evaluation. (Docket # 21). On December 1, 2021, the government filed its response to the motion indicating that it did not oppose the defense's motion for a local competency evaluation. (Docket # 23). Finding reasonable cause to believe that the defendant could be suffering from a mental disease or defect rendering him unable to understand the nature and consequences of the proceedings against him and to assist properly in his defense, the Court granted the motion and scheduled a competency hearing for February 3, 2022. (Docket # 24). The Court further ordered, pursuant to 18 U.S.C. § 4241(b), that the defendant undergo a psychiatric or psychological examination by Rajendra P. Singh, MD, with the results of such examination to be reported to the Court and counsel. (*Id.*).

Prior to the competency hearing, the Court received a report from Dr. Singh reflecting the results of defendant's psychiatric examination, which opined that defendant was currently competent to stand trial. (Docket # 25). Dr. Singh indicated that his opinion that defendant is currently competent "is predicated on the assumption that he will continue to

cooperate with treatment [and be compliant with prescribed medication] for his Bipolar Disorder.” (*Id.* at 9). At the court appearance on February 3, 2022, neither the government nor the defense contested the report or the opinions contained therein. (Docket # 26). Both requested that the findings be adopted without a hearing and the defendant be adjudged competent to stand trial. (*Id.*). Upon careful review of the thorough report, this Court finds by a preponderance of the evidence that the defendant is not presently suffering from a mental disease or defect that would render him mentally incompetent to the extent that he would be unable to understand the nature and consequences of the proceedings against him or render him unable to assist properly in his defense. *See* 18 U.S.C. § 4241. Of course, should defendant cease cooperating in his treatment or taking his prescribed medication, counsel may request and the Court may order further competency proceedings if reasonable cause develops to believe that defendant is no longer competent to stand trial. Accordingly, it is the recommendation of this Court that the defendant be determined competent to stand trial.
